

ABOUT VIRLANIE

Virlanie Foundation, Inc. is a recognized child-caring institution in the Philippines that advocates and lobbies for the rights of the child, and empowers children who have special needs and those in need of special protection—the abandoned, abused, exploited, neglected, orphaned, and those among the poorest of the poor—to enable them to become independent. In 2014, Virlanie Foundation helped a total of 819 children through its residential, outreach, and support programs. For the future, Virlanie Foundation will continue its work of “giving back the smiles” to street children.
